

# Wahib Kapdi

## Software Developer

Innovative and driven, software engineer with over 1 year of professional and 3+ years of freelance experience. I excel at delivering cutting-edge solutions in MERN development and Unity game development. Throughout my career, I have consistently demonstrated a proactive approach to problem-solving and a willingness to learn new technologies to create the best possible product. I am now eager to leverage my diverse skill set and entrepreneurial spirit to contribute significantly to a dynamic and forward-thinking team.
